

PEOPLE AT THE CENTER

Essential care. Exceptional people.

Medical professionals for hospitals and clinics through federal contracts, with support from recruitment and credentialing through ongoing contract delivery.

Core capabilities

- Physicians and advanced practice providers
- Nursing and allied health staffing
- Dental professionals and clinical support
- Behavioral health and specialist staffing
- Recruitment and credential coordination
- Ongoing workforce and contract support

Relevant experience

Clinical and dental staffing supporting Indian Health Service facilities, including rural and remote communities.

Additional project management and engineering support for Bureau of Indian Affairs education facilities and federal infrastructure.

Our approach

Native American-owned and rooted in Lower Brule, South Dakota. We connect staffing requirements with clinical professionals and support the relationship beyond placement.
